Background

Nite Owl is a Level 1 Black Economic Empowerment company which was established under ownership of Mark Joseph.

Mark started Nite Owl after serving twenty years in the Security Industry, and after identifying the need for a local market leader in the Electronic Monitoring of Alarm systems and Armed Response Sectors.

Nite Owl is registered with the Private Security Industry Regulatory Association.

Products & Services

We specialize in the following fields relating to Safety and Security
Supply and fit of electronic alarm systems for Domestic and Commercial Purposes

24 Hour Armed Response Services in Empangeni and Richards Bay

Electronic monitoring of Domestic and Commercial alarm systems

Closed Circuit Television Installations

Electric Fencing Installations

Gate/Garage Motor Installations

Access Control

Target Market

Our products and services are required by Private Individuals, Corporate Companies, Government Institutions and Public Entities in need of Security Services.

Strategy & Vision

Vision:

We strive to meet your safety and security needs efficiently, effectively, and timeously by providing excellent service.

We will provide the quality of service at the prices quoted.

Mission Statement:

“Big enough to protect, Small enough to care.”

Nite Owl is owned and managed by Mark Joseph. Part of our vision is to become your preferred partner of choice for alarms systems by aiming to increase productivity and enhancing company safety and awareness across our workforce. In this way it is our intention to improve time management, increase efficiency, as well as educate and protect your interest which will enable us to focus on our core business areas. Our professional, reliable, highly skilled and committed team will build a reputation as a caring provider to improve the overall productivity

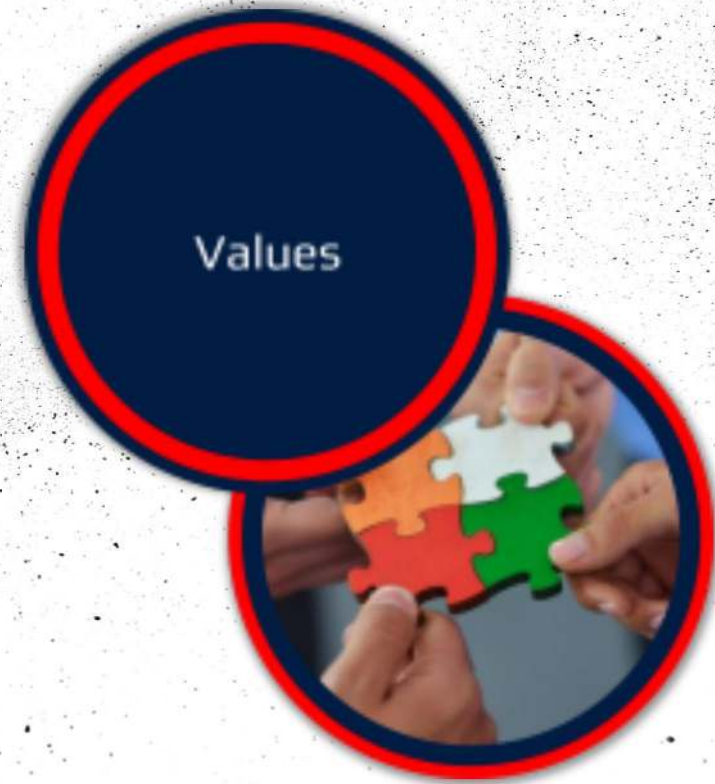

Values

We are one of the Market Leaders in the Local Security Industry and place our clients first as well as believe in honesty, openness and transparency within our company.

We excel in what we do and offer our clients peace of mind through our dedicated service.

We believe in a customer Centric approach and treat all clients accordingly.

Empowerment

Nite Owl is based on sound business and ethical practices we offer a transparent and diverse platform to empower every employee through skills development, in house training, security related refreshment courses such as shooting practice/crowd control/customer care and advanced driving techniques.

Accountability

We deliver as per quote and promise and Provide Security Related services, which ensures the monitoring of clients' alarms, fast and effective response to signals and monitored guarding.

We use SAIDSA approved alarms and access control devices

Business Goals & Objectives

Nite Owl's goal is to provide all clients with a superior Safety and Security Service solution by offering a friendly, efficient, trustworthy service with associated aftercare.

Growth Strategy

We distinguished ourselves as a market leader in the Security Sector by offering a one stop security solution to all needs by rendering the most affordable, reliable and intense combinations/packages to cater for all client needs,

By offering a broad spectrum of services through our company, we get to cater for all needs in the niche market and can therefore grow our market share.

Business Competitiveness

In order to ensure we stay ahead of competitors we do the following:

- Address all clients with sensitivity and confidentiality
- Ensure our service are unique, intense, affordable and on time
- We abide by all Sectoral Determination in terms of wages, provident fund contribution, basic conditions of employment and in-service training
- We are visible within our community and regularly form part of Community Projects
- We have a social conscience
- We ensure 24 hour communication with all clients

Safety

Nite Owl is committed to providing a safe working environment and is a firm believer that Safety and Incident Prevention comes first and is a shared responsibility among all.

**Nite Owl has a Status of Good Standing at the Department of Labour.
We are covered in terms of the OHSC and is registered at all relevant Departments.**

We also have liability cover to protect and cover us in case of an incident.

Why Choose Nite Owl?

Local Knowledge:

Nite Owl is based in Empangeni and focuses on local clientele. As a Leading Security company and through our network of Community Security Scheme's as well as the involvement with Neighbourhood Watches, CPF, SAPS and our knowledge of local infrastructure, we are able to protect and secure our suburbs and city more efficiently.

Leading Security Company:

Nite Owl is one of the largest local security providers with more personnel, vehicles and better resources than any other security company.

Accredited and Fully Compliant:

Nite Owl is PSIRA compliant and all of our Armed Response Personnel are trained and in possession of relative competency certificates to handle fire arms.

Faster Response Times:

Live GPS vehicle tracking, latest communication tools, a 24 hour manned control room and control measures in place ensure the fastest possible response times.

Management & Ownership

Nite Owl is Owner managed under the watchful eye of Mark Joseph
